The Qabbalah Nevuit Vow

I hereby solemnly undertake to conduct myself as a representative of the Qabbalah Nevuit System of Prophecy, Seership and Divination in such a manner as to promote the dignity of the Qabbalah Nevuit System and the reputation of the Western Mystery Tradition.

I will always carry out my work as a Seer with love to my fellow men and with sense of responsibility. In my work as a Seer, and in my life as a whole, I will strive to actualise the highest ethical ideals within myself.

I will learn to distinguish between a real psychic perception or message from the inner planes and what is not real, that I may not fall prey to the phantasms of my own mind or the delusions of my ego and I will accept the guidance of my teachers in these matters.

I further undertake to refrain from performing, offering or teaching any unethical or dubious, or superstitious practices which may harm the reputation of the Mysteries.

I pledge myself to be respectful and loyal to my Qabbalah Nevuit teacher and his or her Qabbalah Nevuit teachers, and to uphold the and to honour the tradition of the Qabbalah Nevuit teachers and to contribute to a respectful and friendly way of interaction among all Qabbalah Nevuit practitioners.

I undertake to pass on or make available the Qabbalah Nevuit system and its contents to others only with permission respectively authorization to teach it.

Training in Seership, Prophecy and Divination is one of the foundation pillars of the mysteries and an important prerequisite for the advanced stages of spiritual work.
